CREATING A SUCCESSFUL EVENT:

The key to a successful event is teamwork. We are committed to understanding your expectations and your specifications. Here are some tips to help make your event simply excellent!

- Complete Planning - Placing a complete, accurate order prevents the most common cause of problems, last-minute changes. They are the single greatest threat to the success of an event. Our commitment to you is to reserve every inventory item for your order well in advance to ensure that you receive clean, high-quality products. We also commit to providing efficient deliveries and pickups to ensure 100% on-time performance.
- Ordering Early - Placing your order well in advance of the event helps to eliminate hasty decisions. It provides the time for you and your Event Consultant to work together as a team to design and deliver a successful event. Ordering early also increases the likelihood that the products and delivery and pickup times you want will be available.
- Event Specifications - Event site details are as important as the rental items themselves in the success of an event. At the time you place your order please provide complete delivery and pickup information;

including the name and reachable phone numbers of the on-site contact, driving directions, gate codes, parking locations for our vehicles, and specific drop-off locations. If we are providing setup and breakdown services, please provide a complete site diagram at the time of the final order confirmation, if not earlier.

- Order Confirmation - What is printed on the rental contract is our only method of knowing what you have ordered. To confirm your order, please carefully review each line of the rental contract and provide us with a signed copy to verify the order is accurate and complete. Your Event Consultant will perform a final review of the order with you the week of the event. At that time, any necessary revisions will be completed and the order will be finalized when we receive a signed copy from you. Final order confirmation must occur at least 48 hours prior to the date of delivery or Will Call pickup.

RENTAL RATES:

Rental rates are based on a three-day period, assuming delivery or Will Call pickup one (1) day before the event and returning one (1) day after the event. Wine Country Party & Events has a minimum order value of \$25. All orders less than \$25 will have a processing fee added to the order to reach the minimum order value of \$25. Delivery charges are not included in the calculation of the \$25 minimum order value.

EXTENDED RENTAL RATES:

1 Week Rental	4 to 7 Days	Base Rate x 1.5
2 Week Rental	8 to 14 Days	Base Rate x 2.0
3 Week Rental	15 to 21 Days	Base Rate x 3.0
4 Week Rental	22 to 31 Days	Base Rate x 4.0

DELIVERY RATES:

We have a different way of viewing delivery rates. Instead of basing our rates solely upon distance, we base them on estimated delivery times and distance. This approach gives us the opportunity to increase the number of available deliveries and pickups on our schedules, lower our costs, and pass those savings on to you. Delivery and pickup windows are based on 8 hour (your most economical choice), 4 hour, 2 hour and exact time requests. Your Event Consultant will determine your delivery and pickup rates when you place your order. All rates are determined on a per-truck basis. Additional deliveries and pickups are subject to additional charges.

PREMIUM DELIVERY AND PICKUP RATES:

These rates apply to deliveries before 8 am, after 5 pm, on designated Sundays, or on WCP&E observed holidays. They are in addition to the standard delivery and pickup rates. If your event will require these services please consult your Event Consultant when placing your rental order.

EQUIPMENT PROTECTION PLAN:

We understand that accidents happen. We offer an Equipment Protection Plan, which covers incidental breakage or damage to our equipment while it is in your care. It covers all items with the exception of crystal stemware, linens and lounge furniture. If you accept this plan, a nonrefundable 12% service charge is added on items covered. If you decline, we will charge 1 ½ times the retail replacement costs for any items broken or damaged. This plan does not cover missing or lost items, or improper use, neglect, or vandalism of equipment. If you accept, and any items are broken or damaged, please be sure to include those items with the return of your order. If items are not returned, we will consider them missing or lost, and the applicable replacement charges will be added to your order. These charges are non-refundable.

TRUCK ACCESS TO SITES:

If there are any large truck access issues related to your event delivery site please let us know. These include but are not limited to low hanging branches, limited turn-around areas, narrow or steep driveways or roads, and gates in need of access codes. Any of these can impact the timeliness and efficiency of your delivery.

PORTAGE FEES:

Portage fees apply to site delivery locations greater than 50 feet from the delivery truck. Portage fees also apply when equipment must be transported up or down steep slopes, stairs, or elevators. If your event will require portage, please discuss with your Event Consultant and the applicable fees will be added to your rental contract.

Cancellation policies:

If you cancel your order:

- less than 48 hours prior to delivery you are responsible for 50% of contract amount and it has been loaded on the truck, you are responsible for 100% of the contract amount. • and the truck has left the building, you are responsible for 100% of the contract amount.
- A 50% cancellation charge will apply to any linens, tents or heaters if cancelled less than seven (7) days before the date of delivery or Will Call pickup. A 100% cancellation charge will apply if cancelled less than 48 hours before the date of delivery or Will Call pickup.
- A 100% cancellation charge will apply towards the cancellation of special-order and high demand items less than one (1) week before the date of delivery.

If you have questions regarding these policies, please ask your Event Consultant.

- Count and inspect every product with your WCP&E driver. You will be asked to sign the pickup paperwork to confirm the quantities listed on the paperwork have been verified.
- If you or your on-site contact are not present at the appointed pickup time, the WCP&E pickup product counts will be the final ones. Any missing items will be billed accordingly.
- If anything did not work well or meet your expectations at the event please communicate this information to your WCP&E driver.

At this point, WCP&E assumes possession of and responsibility for all rental products.
