JEWELS FOR YOUR TABLETOP

These beautifully hued **Toscana Goblets** have recently been added to our ever-growing collection of pretty things. Use these as the perfect color accent as a water glass, or for a signature cocktail at your next event.

We aren't looking through rose-colored glasses when we point out that our newly expanded collection of **Gemstone All Purpose Glasses** will complement almost any color palette.

So many brides have chosen this rosy, peachy, lovely shade. It looks so fresh with accents of yellow. Love a soft khaki with it as well.

Here is some inspiration ...

A really strong color last season, that continues to show up on brides' tables, is this lavender, lilac, yummy plum shade. We love it with grey, but it also looks lovely with a soft shade of antique gold or light yellow.

There's nothing like Wine Country when the lavender is in bloom!

Please come by the showroom and see our latest additions and find inspiration for your next event!
